PEARL1

LUXURY YACHTING

PEARL1 LUXURY YACHTING offers a large number of exclusive yachting, water sports and travel experiences. Our fleet is built for you to discover unique coastlines, hidden bays and secluded harbours. Our employees from **PEARL1 LUXURY YACHTING** will do everything possible at all times to ensure that your journey with us remains unforgettable.

Our yachts are built in line with award-winning and unique architectural concepts, in which the highest quality and exquisitely fitted materials underline the luxurious travel comfort on offer

Our sales network, the international presence of the **PEARL1 LUXURY YACHTING** brand and our partners guarantee a personal service and high degree of security, as well as the familiar luxury that we are obviously keen to offer you on board the **PEARL1 LUXURY YACHTING** fleet.

We offer coordinated dietary programmes with meal replacements or meal plans that can be matched to your regular diet under medical supervision

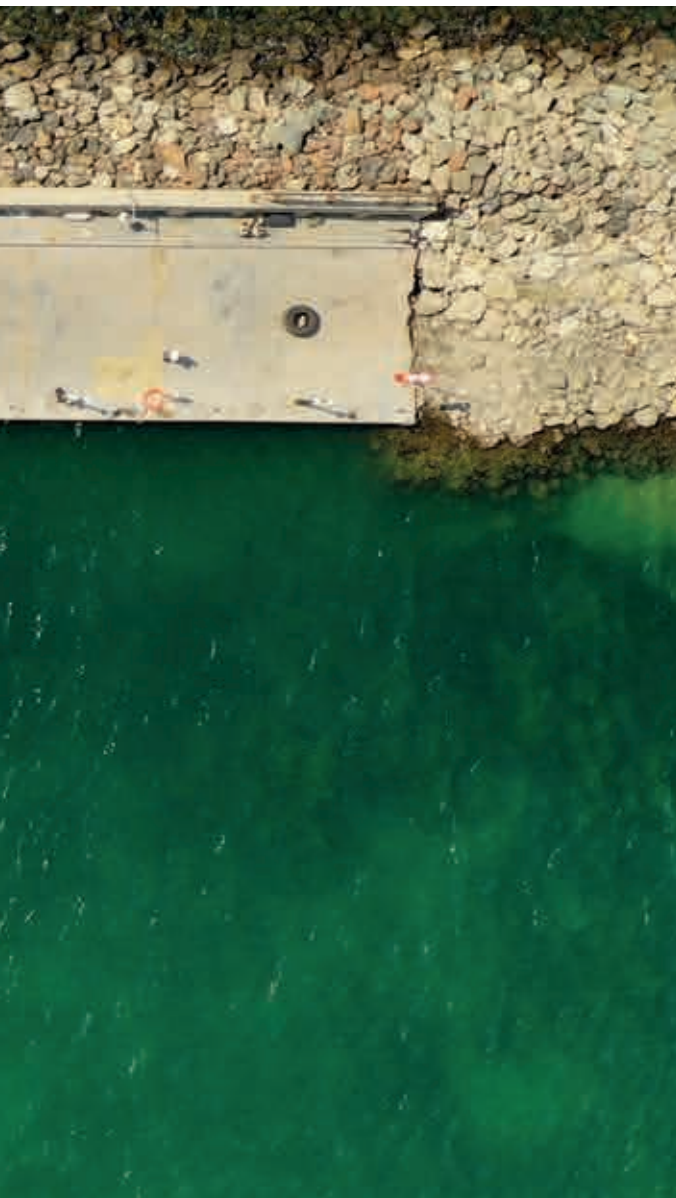

Historic, commercial and entertaining trips with exciting stops along the way and a large number of options transform your family and/or group tours with **PEARL1 LUXURY YACHTING** into truly unforgettable experiences.

Our fleet is regularly cleaned, maintained and looked after with great care, ensuring that your check-in on board is always a special experience.

If you would like to become a member of the exclusive **PEARL1 FAMILY** after a trip on one of our yachts, you can get in touch with our team at any time. As a **PEARL1 MEMBER**, your future bookings will be treated with priority. This exclusive membership offers many other interesting benefits, which we also tailor individually for our guests.

FIVE WEEKS

MONTE CARLO YACHTS 66

FIVE WEEKS

was presented with the Ship Design Award in 2021 and is a jewel in our fleet. Featuring a sophisticated design, the yacht measuring 66 feet (20.11 metres) in length is among our "large" vessels. The FIVE WEEKS is 5.20 metres wide and can hit speeds of up to 30 knots

It is also fitted with a stabiliser system, which ensures that you can still enjoy calm cruising even in heavy seas. This is ideal for guests who tend to get seasick, yet still wish to enjoy a luxurious yachting holiday. The lounge offers an open space between the aft galley and the front living area. The generously upholstered area at the front is ideal for sunbathing and

romantic evenings with a bottle of champagne at sunset. The unique, sophisticated and modern décor of the **FIVE WEEKS** can be seen throughout the entire main lounge and in all the cabins.

The well-positioned bow portholes lend the **FIVE WEEKS** a superb appearance and provide excellent natural lighting, particularly in the VIP cabin. The iconic porthole of the **FIVE WEEKS** serves to reinforce the intimate and relaxing overall ambience in the master cabin.

The **MCY66** model of the **FIVE WEEKS** boasts a perfect floor plan and an impressively luxurious interior that has been crafted from natural stone, Italian leather and many other high-grade materials that together make up the award-winning design of this yacht.

About the design

LUXURY YACHTING

The design of the 3 guest cabins with 3 separate bathrooms is in keeping with the spacious luxury of the other areas offered in this model. The longstanding cooperation with the **NUVOLARI LENARD DESIGN STUDIO** has successfully borne fruit for our guests here.

In combination with broad side windows, the use of particularly high grade and reflective materials, mirrors and varnished wood help natural light flood in and increase the overall brightness on board. As is the case with all our yachts, the wood and marble elements fitted were selected from the finest materials and designed with the greatest care and attention to detail.

MA BELLA

MONTEFINO 76

MA BELLA is the new addition to our fleet with a range of 600 to 1,500 nautical mile

It offers a special degree of individualisation in all respects and features three double cabins, each of which has its own bathroom. A dedicated bathing platform extends the **MA BELLA** into a 76-foot (23.20 m) yacht. Naiad stabilisers ensure a smooth ride, while the bow and stern thrusters make manoeuvring a cinch.

In addition to this, a remote-controlled thruster and engine control have been installed on the main deck at the rear.

However, the concept for a crew that steers the yacht discreetly is still provided. The fully equipped galley comes with all of the technical equipment that is simply essential in the modern world. The clean lines of the **MA BELLA** are timeless, while its unique flybridge style brings a particularly spacious dimension to your holiday on board.

When designing the interior, the accommodation for 6 guests in double cabins and one cabin with single beds was extended to include one additional space for an adult or child. The six convenient berths ensure that your friends and/or family can enjoy a dream holiday on board.

About the design

LUXURY YACHTING

Thanks to customised production at **PEARL1 Yacht Design**, a completely new and open, loft-style design concept was developed for the **MA BELLA**. This design combines the galley with a sunny, informal dining area, in which the so-called pilot house is normally located. The form and function of the yacht have now been optimised even more effectively for an open and laid-back, yet also exclusive holiday on board the MA BELLA.

The owner's cabin is located at the stern and offers everything for a luxurious overnight stay on board: soft lighting, cherry wood wardrobes, a queen size bed, a large dressing table, a lounge, bedside cabinets and a luxurious bathroom. Since the main cabin is at the stern, particularly large windows were also installed here. These allow plenty of natural light to flood into the cabin and grant a highly romantic outlook over the sea, sunsets or views of the respective harbour or bay.

The two front cabins can each be accessed via stairs on the starboard side. There is also a small fitted laundry room on the lower deck - perfect for families with children looking to enjoy a yachting holiday.

DE LENI

PRESTIGE 560S

This luxury yacht measures 59'11" (18.27 m) in length and has 3 berths, each with 2 double beds, as well as one additional sleeping place. As such, it can accommodate a total of 7 guests

The **DE LENI** is equipped with two Cummins 600 hp engines and can reach speeds of up to 33 knots. Thanks to its Mercury Zeus pods with integrated joystick control, it can be steered from both the lounge and the aft cockpit. This is also a huge benefit when manoeuvring, for example during docking. Thought has been given to every single detail in order to combine uncompromising performance with equally impressive responsiveness of the yacht.

About the design

LUXURY YACHTING

A modern interior and the large, flat living area with a broad glass window to the cockpit, as well as a sliding glass roof ensure a plentiful supply of natural light, as well as fantastic views of the sea and passing coastline. The dynamic style and décor of this yacht offers many zones for relaxation and has been upgraded with intelligent equipment details. The flybridge of the **DE LENI** offers you a large and very convenient sun lounging area.

The light and modern L-shaped lounge invites you to relax in an exclusive atmosphere. Sofas facing one another and a modular bench seat in the cockpit also create the perfect environment for entertaining small groups. Large windows contribute to the soft, warm interior atmosphere, while at the same time offering lavish views of the surrounding area during the day and at night.

The high level of comfort and convenience is secured through a pantry with modern equipment, a cleverly designed bathroom for each cabin and modern berths. This makes the yacht ideal for an unforgettable trip with friends or the family, as the De Leni offers space for 7 guests.

ATONIKA

PRESTIGE 550S

ATONIKA
*is a further development
of the successful coupé concept
employed by the JEANNEAU
PRESTIGE 550S cruiser.
Featuring a length of 58'10" (17.92 m),
it also offers 3 cabins and sleeping
for 6+1 in a modern design*

The **ATONIKA** is equipped with two Cummins 600 hp engines and can reach speeds of up to 33 knots. Thanks to its Mercury Zeus pods with integrated joystick control, it can be steered from both the lounge and the aft cockpit. This is a major benefit, for example when docking.

This exceptional yacht is equipped with **Zeus** pod drives to offer the ultimate in engine power and quick manoeuvrability. A great deal of attention has been paid to every single detail here in terms of both the technology employed and the design.

About the design

LUXURY YACHTING

The interior design and the large, ground-level living area impress our guests with large windows to the cockpit, as well as a sliding glass roof. This provides plenty of natural light, as well as a unique view of the sea.

The flybridge offers you a fantastic and unique sun lounging area, which represents a special highlight among the many extras offered by the **ATONIKA**.

The light and modern L-shaped lounge invites you to relax in an exclusive atmosphere. Sofas facing one another and a modular bench seat in the cockpit, which can be rotated to face the lounge, create the perfect environment for conversations and entertaining small groups. Large windows also contribute to the soft, warm interior atmosphere, while at the same time offering unrestricted views of the sea, the coast or the respective harbour.

LUXURY YACHTING

SHIVA BEACH CLUB

Shiva beach Club

LUXURY YACHTING

*The perfect spot
for relaxation !*

A "safe haven" is always welcome, and not just for those out at sea. Our special collaboration partner, **SHIVA BEACH CLUB**, which offers "after yachting" in Palma, Bahia Grande (Calle Cristobal Colon 62) is as colourful, surprising and diverse as our own fleet of yachts.

You will find the **SHIVA BEACH CLUB** in a calm and completely relaxing environment, located in one of the most unimaginably beautiful coastal regions of Majorca. This gastronomic complex offers plenty of "moorings", an exclusive area for various designer furniture, accessories and even trendy clothing, combined with a large selection of top-level culinary delights in an international restaurant, a very well-stocked bar and comfort zones for celebrations, families, sunbathing and swimming.

With new offers all the time, the **SHIVA BEACH CLUB** has been developing into an exclusive retreat for travellers, families and crews for many years, even making our yachts accessible. Events and many different attractions make this club a vibrant stage for virtually any kind of entertainment and parties. Everything that entices our guests onto land and then sends them back out to sea with a sense of satisfaction is on offer here. It therefore comes as no surprise that celebrities and VIPs enjoy spending time relaxing in this highly

exclusive environment. A diving club located nearby, a hiking route along the Torrentó d'en Vaquer and tennis courts in the Sun Club Eldorado ensure that even the most sporty holidaymakers are sure to find what they are looking for. As such, your yachting holiday does not end when you leave your yacht in the **PEARL 1 FLEET**. So how do our visitors enjoy spending time on board when their booked trip extends over several days?

CABINS BERTHS

Materials

***Money cannot buy happiness.
But you can rent a yacht
that will take you there***

The yachts in our fleet have been designed to combine nautical passions, maritime sport and gently rocking relaxation while on board. The key is therefore not just knowing where your yacht is waiting for you, but also how you will sleep on it. The award-winning design of our cabins not only comprises exclusive fittings and furnishings, but also very special fabrics. These transform our beds, pillowcases and other key comfort zones on board into wonderful sleeping areas and quiet zones. The differences in the quality of the materials used by our designers guarantee a high degree of comfort and convenience, as well as excellent longevity on the high seas. Specially developed breathable pillows and covers ensure a deep and restful sleep in the cabins of our owners and their guests. These fabrics are also water-repellent, so should you accidentally spill a glass of exclusive tempranillo on our upholstery, this will not leave any traces. The only thing that leaves a lasting impression is then the pleasure of spending time on board.
